

## **ANTH 4480 Field Archaeology Bibliography**

The following is a working bibliography of references associated with CCC camps at a National level and Arkansas camps. Additional references are included where information is associated with a specific camp or the work done by a camp. File names are included for quick reference when files are available in on the digital drive. Not all references are properly formatted to American Antiquity Style. Check your style guide.

This list is NOT exhaustive. Remember that most of these references has a bibliography with a unique set of references cited. Follow the trail...
