

## Bishop Exhorts Ministers to Keep Abreast of Times

Walter R. Rorer, in the front of what he said was the most important business conference of the year, the National Christian Leadership Conference at Memphis, Tenn., Oct. 31, exhorted ministers to keep abreast of the times and to be ready to meet the challenges of the future.

The conference is notable for the fact that it marks the centennial of the birth of Martin Luther King and the 50th anniversary of the founding of the SCLC.

Exhorting to what he termed the "new era of the church," Bishop Moore called for further revolution in the world's thinking.

"I expect in the next few years to see a great deal of change in the church," he said. "The church must become a great social force, not just a religious one. We must be willing to give up our old ways of thinking and our old ways of doing things. We must be willing to accept the new ideas and the new methods. We must be willing to be different from the world and to be a light to the world."

Bishop Moore also exhorted the ministers to be more active in the world. "The church must be a force for good in the world," he said. "It must be a force for peace, for justice, and for the betterment of the human race. It must be a force for the redemption of the world."

Rev. H. H. Workman, who reported for the board of trustees a check for \$1,000 from the Memphis board of trustees, also spoke.

The report of the board of trustees was presented to the conference by Rev. H. H. Workman, executive secretary, and Rev. G. W. H. Workman, secretary.

Dr. J. H. Thomas, superintendent of the Memphis conference, led the prayer. He also reported on the progress of the conference.

Dr. J. H. Thomas also reported on the progress of the conference. He said that the conference was a great success and that the ministers were united in their purpose.

## CLAIMS COOPS AID FARMERS

### Classing Service a Benefit, Says Henry

Memphis, Oct. 31. (AP)—Charles G. Henry of Memphis, general manager of the Mid-South Cotton Growers Association, today told Senator McKellar, Democrat of Tennessee, that the cotton classing service is the thing that benefits the cooperatives and brings the southern farmer.

"A United Keweenaw today what his cotton is worth," Henry testified. "There are no more bargains for the cotton merchant at the expense of the producer."

"That's what's the matter here. These fellows (the private shippers) can't exist on the spread of price between the farmer and the spinner. The cooperatives have reduced that spread."

CHARGES OUT-RIGHT BUYING. Memphis, Oct. 31.—(AP)—Senator McKellar, Democrat of Tennessee, today charged cotton cooperatives with outright buying of cotton from farmer-members in competition with the private trade.

Charles G. Henry, general manager of the Mid-South Cotton Growers Association, who was on the stand at the time, denied the co-ops buy cotton at the time of its delivery to them.

Senator McKellar read from an advertisement in the Mid-South Cotton News, published by the Memphis association and edited by Henry, which said farmers could "sell outright" or put their cotton in government loans.

Henry said "sell" was a "bad word" to use because it was not actually a sale.

## SPECIAL TRAIN TO RUN FRIDAY

### Carry A. T. C. Students To Russellville

Col. H. L. McAllister, president of the Teachers College, said this afternoon the special train to Russellville tomorrow will be operated strictly under rules and regulations of the school and that any townspeople or students of other colleges wishing to ride the train will be required to abide by the Teachers College regulations.

Board of Trustees officials at the Agricultural Teachers College announced this afternoon that the special train to Russellville will be operated strictly under rules and regulations of the school.

The special train to Russellville will be operated strictly under rules and regulations of the school. It will be a great benefit to the students and the community.

## League Offers II Duce Interval to Consider Settlement

Geneva, Oct. 31. (AP)—An Italian spokesman announced today that the warring Fascist nation was willing to negotiate for peace with Ethiopia.

The spokesman made this assertion as the league of nations offered Italy a final interval for consideration of settlement of the east African conflict before being subjected to an economic blockade.

"Italy is willing to negotiate," he asserted in reference to the visit to Geneva of Baron Pompeo Aloisi, representative of Premier Mussolini, who is due tomorrow for the meeting of representatives of 52 nations, who are to set the date for actual enforcement of economic sanctions.

A British spokesman conceded that Foreign Secretary Sir Samuel Hoare also would be pleased to sound out the situation before application of the boycott, probably 15 days hence.

## CAMP MAY BE RE-OCCUPIED

### Report, However, Is Unconfirmed

The Log Cabin Democrat learned from an authoritative source today that there is a strong probability of CCC Camp Halsey, seven miles northeast of Greengrass, being re-occupied by a company of Kansas enrollees at an early date.

The report, however, could not be officially confirmed. State Coordinator J. W. Sargent of the soil conservation service said he had received no advices on the matter, but had heard the rumor.

Camp Halsey was ordered to be vacated by November 1 and virtually all of the 200 enrollees in the camp have already been transferred to other camps. Mr. Sargent said no instructions had been issued for dismantling the camp and it was probable that it would be re-occupied at some later time.

## MONTANA CITY AGAIN ROCKED

### Helena Is Damaged By New Quake

Helena, Mont., Oct. 31.—(AP)—The most severe since earthquake movement since October 18, when Helena was badly shaken, hit the city today, causing estimated thousands of dollars of damage and throwing the city into confusion.

One man was killed in the fall of the Kessler brewery smokestack west of the city.

SPOKANE FEELS SHOCK. Spokane, Wash., Oct. 31.—(AP)—A slight earthquake jarrred windows and was plainly felt in office buildings here today. No damage was immediately reported.

The seismograph at Mt. St. Michael, Idaho, indicated the quake was the heaviest yet felt in the current year, resulting from the fault in western Montana. The shock was re-
